

MISSION SIX!

Take part and win up to USD 10.000!

ROHDE & SCHWARZ ENGINEERING COMPETITION 2024

Together we innovate!

QUICK OVERVIEW

What is the Engineering Competition?

- ▶ **An exciting experience!**
Get the opportunity to work on a real technical R&S day-to-day challenge!
- ▶ **An international community!**
Meet students from all over the world!
- ▶ **A place for networking!**
Students from different countries get the chance to network with R&S employers

Why participate?

Win up to 10.000 USD

Win a trip to the finals in Munich!

- ▶ **Improve** your skills and bring theoretical knowledge into practice

KEY FACTS

When?

- ▶ Qualifiers: April 8th to May 12th
- ▶ Finals: June 19th to 21st
- ▶ Pre-Registration starting now!

Where?

- ▶ Qualifiers Online
- ▶ Finals in Munich, Germany

Who can participate?

- ▶ Enrolled students in electrical engineering, computer science, business engineering or similar
- ▶ In teams from 3 to 5 people

Rohde & Schwarz Engineering Competition 2024

WE ARE IN!

CHALLENGE 2024

MISSION SIX!

Together we innovate!

Dive into the cutting-edge world of 6G technology through our Rohde & Schwarz Engineering Competition. Share your ideas for the 6G tech fields Artificial Intelligence, Integrated Sensing and Communication, eXtended Reality or Reconfigurable Intelligent Surfaces, in the setting of Test & Measurement. With an additional wild track option, unleash your creativity and push the boundaries of what's possible.

Gather your team of students, like-minded individuals, and submit your groundbreaking idea to qualify for the finals - an exclusive 3-day trip to Munich - and win the grand prize money of up to \$10,000.

OPEN INNOVATION CHALLENGE

MISSION SIX!

Ensure a connected world with 6G and Rohde & Schwarz.

LET'S OPEN INNOVATE!

Participants can submit concepts on one of the following use case scenarios:

ARTIFICIAL INTELLIGENCE

INTEGRATED SENSING & COMMUNICATION

EXTENDED REALITY

RECONFIGURABLE INTELLIGENT SURFACES

WILD TRACK

Your idea fits into none of those fields? Unleash your creativity and push the boundaries of what's possible with the additional wild track option!

ROADSHOW 2024

Activities

We're visiting universities all over Germany so YOU can:

- ▶ Interact with R&S products through the **R&S exhibition bus!**
- ▶ Meet experts in different fields of 6G!
- ▶ Network with other students!
- ▶ **Gather your team and register for the Engineering Competition 2024!**
